

【Assumption】

When answering a quiz, students need to ① click on "Final Confirmation (Save Answer Temporarily)" and finally ② click on "Finish Test (Send Answer)".

The following describes the difference in behavior depending on the setting of the quiz "When the time limit has elapsed" when the student is unable to press ① or ② for some reason.

Items selected in "When the time limit has expired".	If the time limit is reached while you are logged in	If you are logged out or disconnected from the network while answering a question, and the time limit expires.
Automatically send the results of your answers by the time limit.	Even if you don't click "①Final Confirmation (Save Answer Temporarily)", the entered information will be sent automatically when the time limit comes.	<p>(1) If you clicked "①Final Confirmation (Save Answer Temporarily)" but did not click "②Finish Test (Send Answer)". →Your answers will be automatically sent to you when you click "① Final Confirmation (Save Answer Temporarily)".</p> <p>(2) For quizzes with page breaks. →Even if you don't click "① Final Confirmation (Save Answer Temporarily)", your answer will be automatically sent when you click the "Next Page" or "Previous Page" button for the last time.</p> <p>(3) For quizzes that do not have page breaks set. →If you don't click on "① Final Confirmation (Save Answer Temporarily)", your answer will not be sent automatically even if you have entered it.</p>
A grace period is provided for sending the results of answers given before the time limit, but no new answers can be given.	If you don't click "②End Test (Send Answer)", the answer will not be sent automatically. ※However, the answers will be saved so that the teacher can check the students' answers. (The answers will be saved even if the student has not clicked on "① Final confirmation (temporary saving of answers)."	If you don't click "②End Test (Send Answer)", the answer will not be sent automatically. ※However, if the student has clicked on "① Final Confirmation (Save Answer Temporarily)," the answer will be saved, so the teacher can check the student's answer.
Cannot send after the time limit has expired.
